# Orlik reservoir

The highest faggs in

Central Bohemia - BRIT

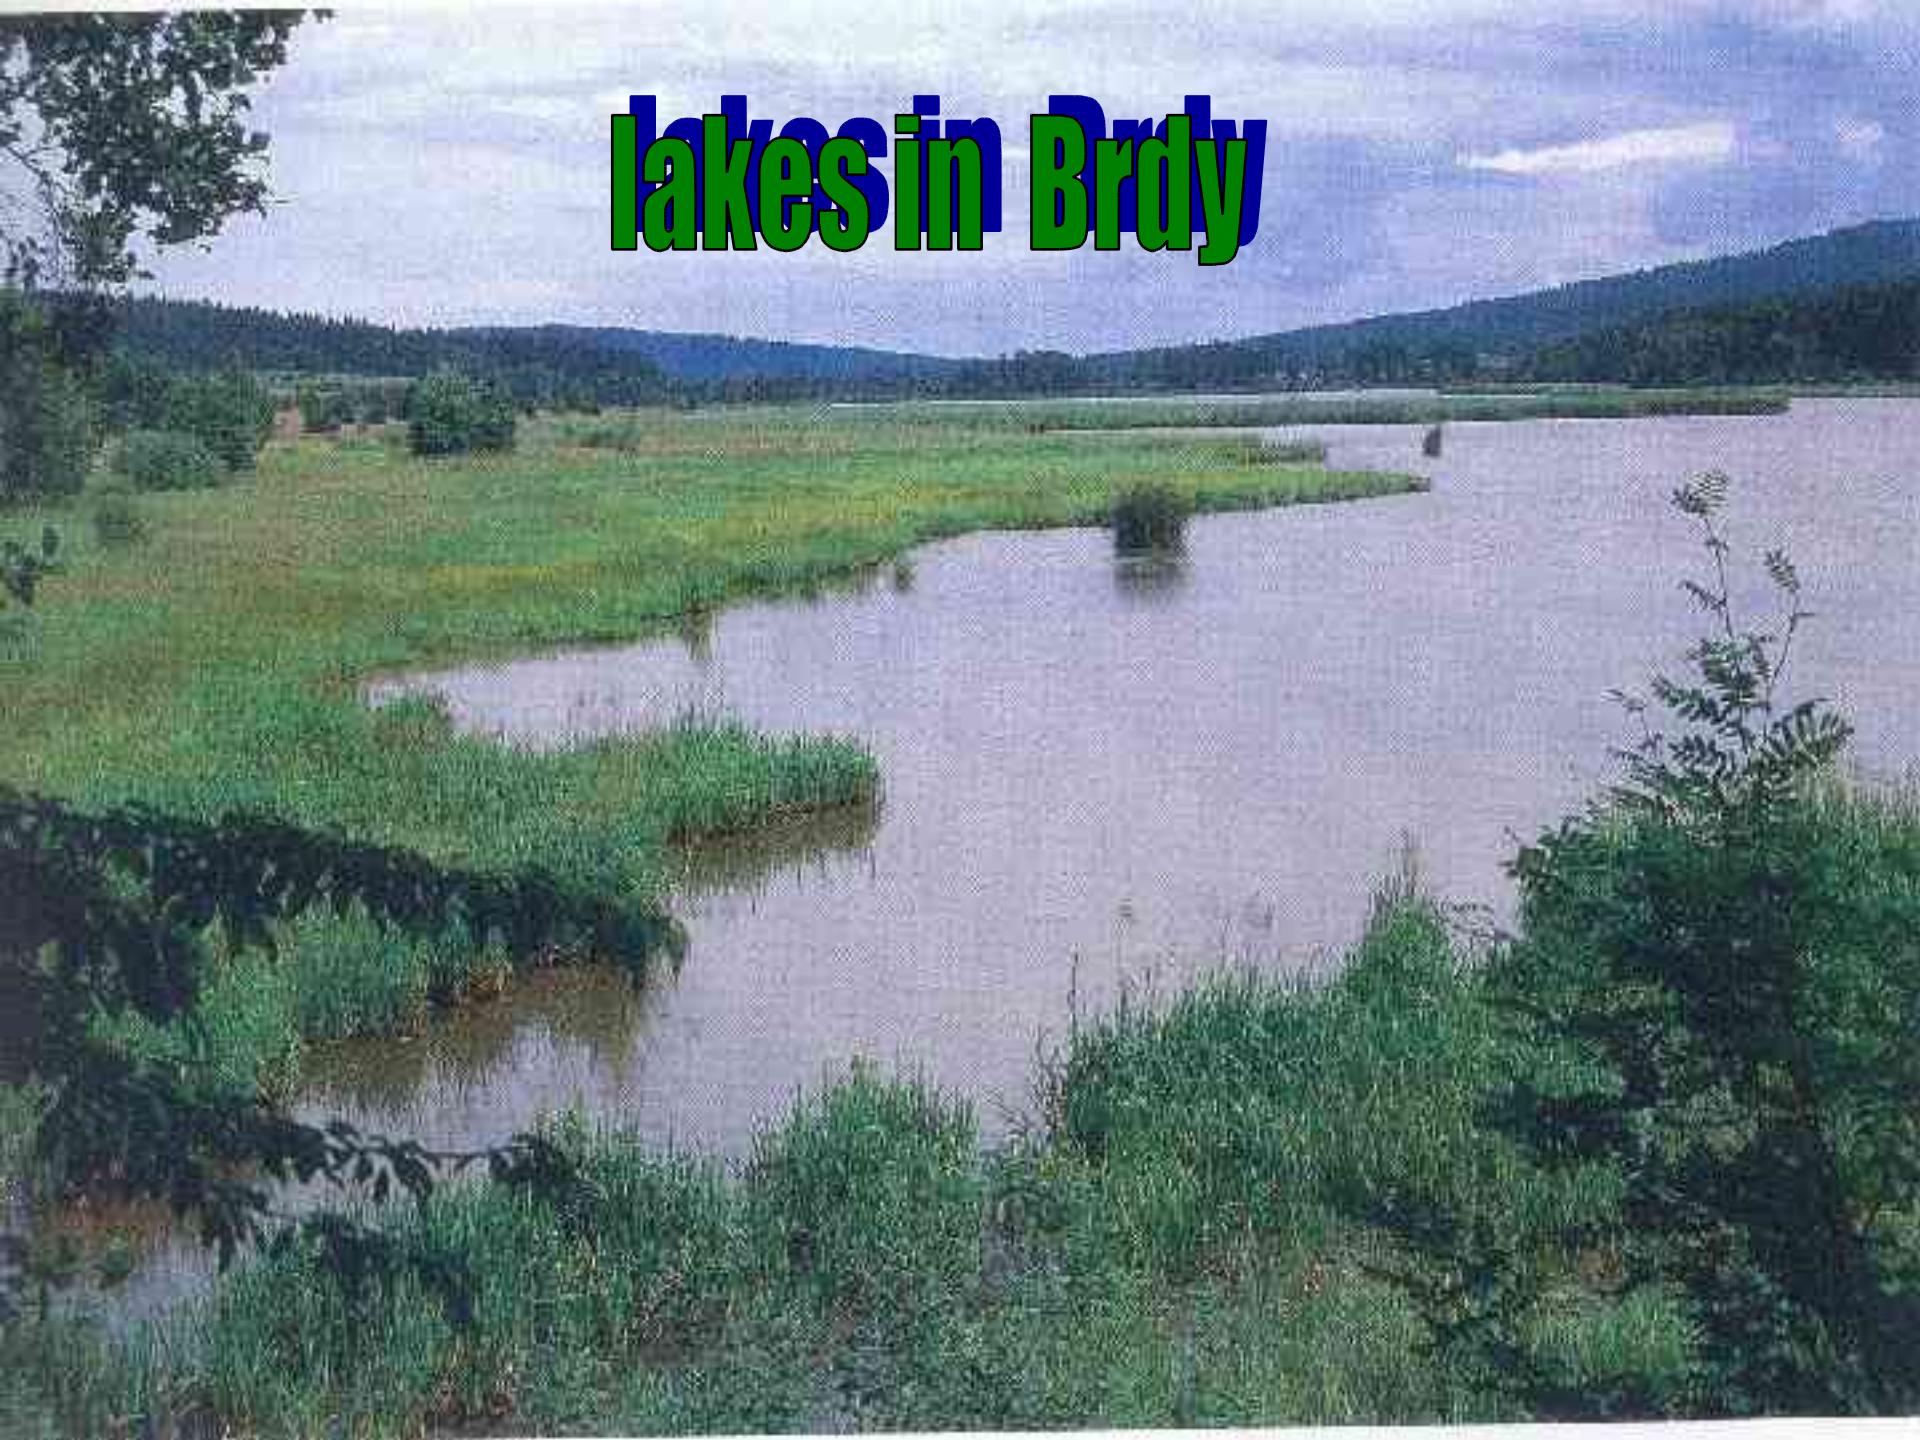

An aerial photograph of the Brdy mountain range in the Czech Republic. The image shows a vast landscape of rolling hills and valleys. In the foreground, there are several small settlements with houses having red roofs, surrounded by green fields and patches of brown earth. The middle ground features more extensive agricultural land and some larger clusters of buildings. The background is dominated by the dark, forested peaks of the Brdy mountains under a clear blue sky.

# range Brdy

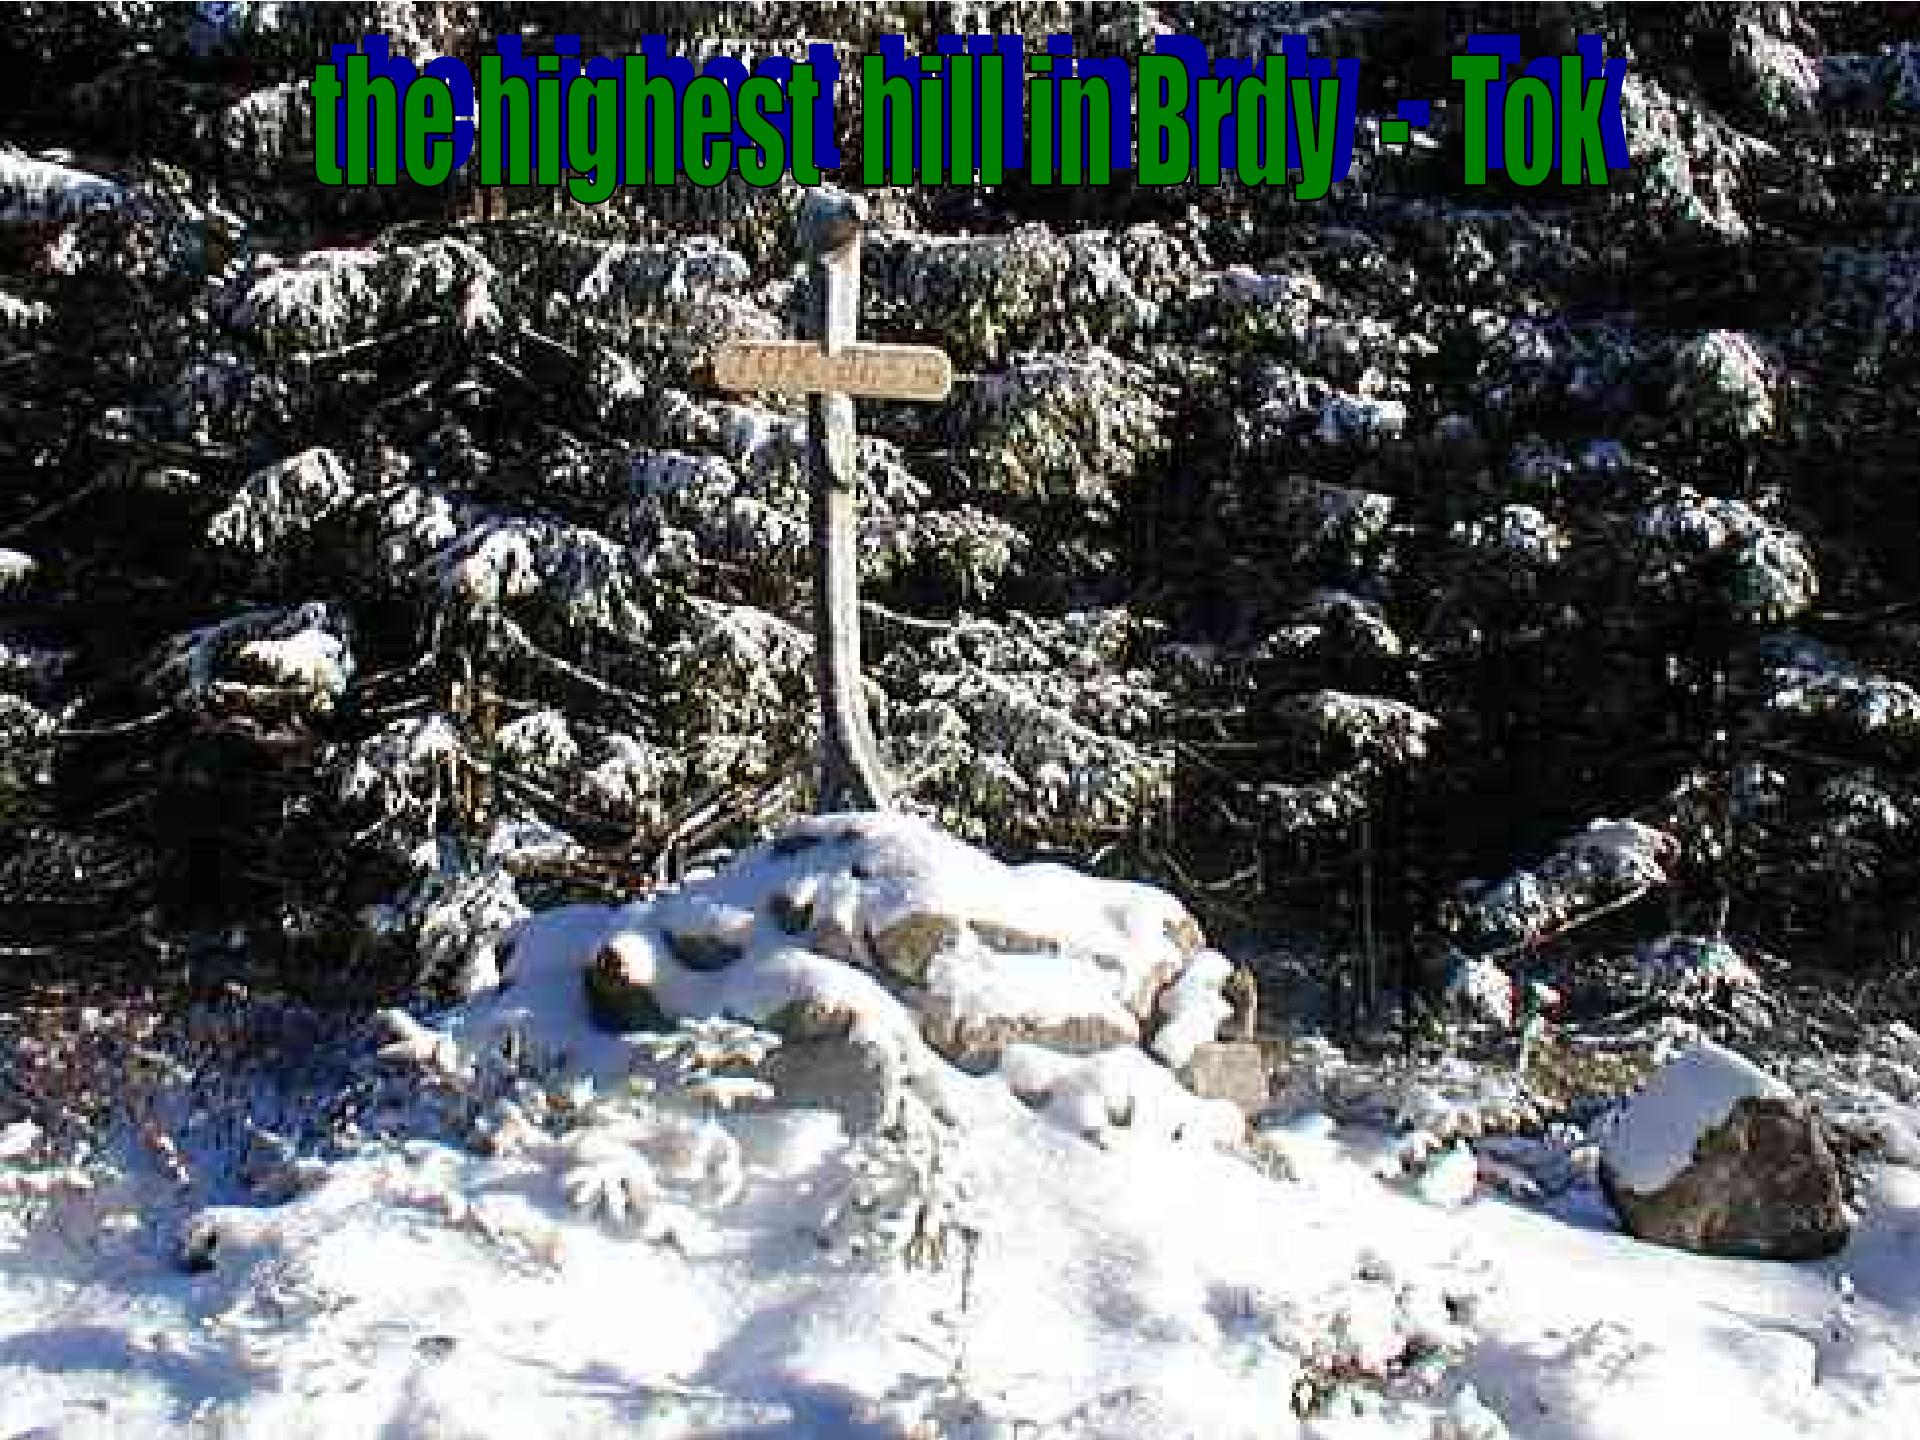

A scenic landscape featuring a dense forest of green coniferous trees covering rolling hills. In the foreground, a large, dark evergreen tree stands prominently on the right. A rocky path or stream bed curves through the lower left. The background shows more forested hills under a bright, slightly cloudy sky.

range Brdy

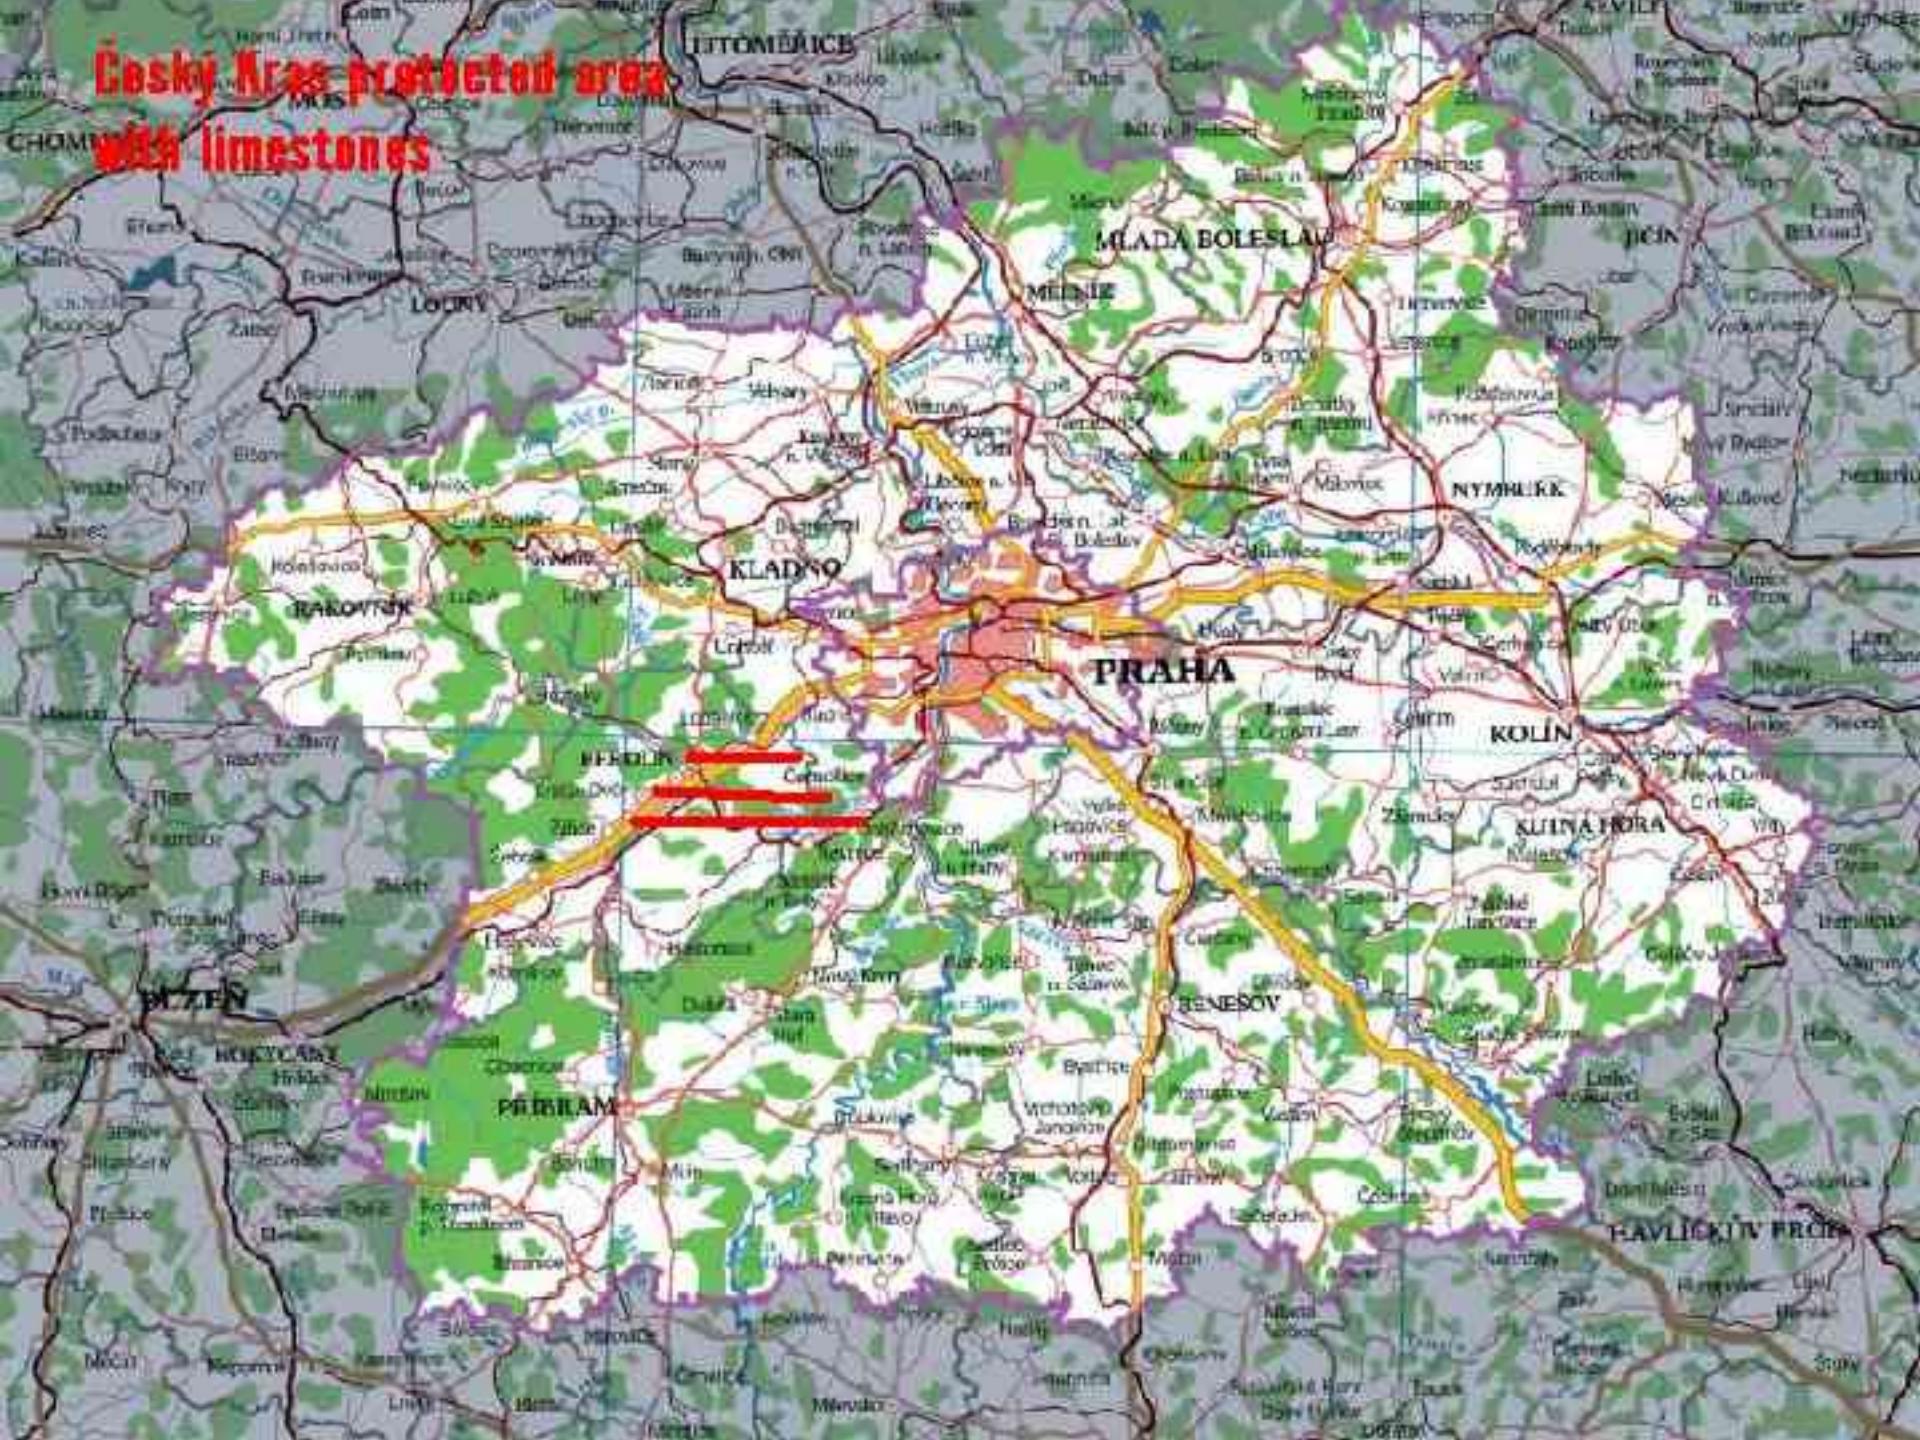

A wide-angle photograph of a large, calm lake. The foreground is filled with dense, tall green reeds and grasses. In the middle ground, the lake's edge curves to the right, revealing more of its expanse and the surrounding wetland area. The background features a range of hills or mountains covered in dark green forests under a sky filled with soft, white clouds.

# Cesky Kras protected area with limestones

# Český kras

# Český kras

An aerial photograph of a limestone mine. The image shows a large, irregularly shaped open-pit mine with exposed rock walls. The top of the pit is covered in green vegetation and some industrial structures. A curved road or conveyor belt system runs along the edge of the pit. In the background, there are more green fields and some buildings.
